

Hello Everyone,

I do not know about you but I am ready to pull on my favorite pair of boots with a great fitting pair of jeans and go out for a night on the town!!!

*Anyone with me?*

Here is the down low on the *Bootie Call* for Fall 2011;

RIDING- there is nothing more timeless than a great pair of riding boots. Tuck them in a sleek pair of skinny jeans or wear with a flirty dress.

ANKLE WEDGE- pair this heavy boot with slender silhouettes.

STACKED HEEL- pair perfectly with leggings or mid-calf skirt or dress.

Slouched- boots you can unwind in. Never pair with baggy or loose fitting clothes unless you are going for the hobo look.

BUCKLES and BOWS- from rock and roll to menswear style.
